For A Safer Environment

PORTABLE AIR SCRUBBERS

Portable Air Scrubbers have been specifically designed for remediation, restoration and abatement contractors. These units allow you clean and control the air in a work area without contaminating other areas with dirty exhaust air.

The uniquely designed filtration systems with a 99.97% @ 0.3 micron HEPA filter make these units ideal for capturing smoke, fumes, mold spores, dust and other particulate, returning clean air back to the environment.
